Introduction
Poor citation management, There are paragraphs that are not proportional
Methods
The stages of the cycle on the subject are not explained in detail
Result and Discussion
There needs to be an increase in the meaning of research results. The amplification of each cycle (reflection). Strong findings from research conducted
Conclusion
It is better if it is made in points
References
Use reference management such as mendeley and zotero. Some of your quotes are non-standard
It is advisable if you use 80% journal reference and the reference year for the last 3-5 years
Please cite (if possible) the papers from the IJSR
